

Ph.D. (Electrical Engineering) with specialization in:

1. Instrumentation & Control,
2. Power System,
3. Power Electronics & Drives,
4. Renewable Energy Systems,
5. Control & Robotics,
6. Signal & Image Processing,
7. Biomedical Instrumentation,
8. Electric Vehicles
9. Medical Imaging
10. AI, ML, DWT, Soft Computing Applications to Engg. problems
11. Nanomaterials and other related areas.
