Sub: Permission of co-guide for PHD Candidate

With reference to the above cited subject, I would like to bring to your kind notice that Mr. Vinay Kumar Rathi (13/PHD/Engg/004) got enrolled under my guidance in the odd semester of academic session 2013-2014. He will complete his course work in even semester 2014. The area in which he is planning to do his research work is hydrology of mountainous region.

The student has given an application regarding taking a co-guide (attached on R.H.S. pg 1) from outside. The student contacted Dr. Avinash Agrawal, Scientist F, at National Institute of Hydrology, Roorkee, who has agreed to become his co-guide. The consent for the same is attached (attached on R.H.S. pg 2). His area of expertise matches with the research area of my candidate. In his research work a lot of site visits, data collection etc. will be required. His guidance and support will be a great help in his research work.

As per the ordinances of the university Clause no. 6.18 on pg 6 (attached on R.H.S pg. no.) according to which as per the requirement, an external supervisor from other institutions can be taken for guiding research work after approval from the competent authority.

Secondly, (pg 7 on R.H.S.), Conditions for becoming a Ph.D. supervisor are given which are being satisfied by the co-supervisor to be taken from outside the University.

Thirdly, in other Schools such as SOE, SOVSAS, SOBT, SOM co-guide has been taken by many Ph.D. students.

Keeping in view the above, kindly give the permission for allowing Dr. Avinash Agrawal to act as co-guide for my Ph.D. candidate Mr. Vinay Kumar Rathi.

Submitted for kind approval and necessary action.

In the Department of Civil Engineering, there are 120 students in the final year including 05 yr integrated and 02 yr M.Tech programme in two specializations i.e. Structural and Environmental Engineering. There are only three faculty members in the department. All the students have dissertation in their final semester. As it is not possible for us to individually guide 40 students each, so various faculty/scientist from academic institutes/research organizations/other schools of GBU were approached for collaborative work. Following are the details of the faculty/scientist from outside the university and also interdisciplinary research work in collaboration with other departments, who are willing to guide our students for dissertation. Kindly give the permission for them to be the co-guide of the students for the dissertation work, main guide is the faculty from our university.

**Subject: Dissertation for student of M. Tech.**

Dear Sir/ Madam,

Gautam Buddha University, established by the Uttar Pradesh Act (9) of 2002, commenced its first academic session at its 455 acres lush green campus at Greater Noida in August 2008. The University is fully funded by the New Okhla Industrial Development Authority (NOIDA) and the Greater Noida Industrial Development Authority (GNIDA) the undertakings of the Government of Uttar Pradesh. The University envisions to become a world class centre for excellence in education with a special focus to serve the under privileged and economically challenged sections of the society. The University is recognized by the University Grants Commission under UGC Act and is a member of the Association of Indian Universities.

In order to promote value-based education, research and training, the University has established eight schools, which are: School of Management, School of Engineering, School of Vocational Studies & Applied Sciences, School of Buddhist Studies & Civilization, School of Information & Communication Technology, School of Biotechnology, School of Humanities & Social Sciences, School of Law, Justice & Governance.

The School of Engineering produces skilled postgraduate professionals in the emerging areas of technologies. It offers post graduate programmes (Master of Technology) for science graduates and Engineering graduates and five year Dual Degree Programme (B. Tech + MBA/ M. Tech) with modern and state of the art laboratories, teaching facilities and research environment in specialized areas including Civil Engineering, Mechanical Engineering, Electrical Engineering and Architectural Engineering.

We acknowledge your patronage and would appreciate your kind acceptance of our M. Tech student of 3<sup>rd</sup> semester Savita (14/PPS/015) for dissertation in your organization under guidance of Mr. Hasmat Malik (Asst. Prof. of ICE Division). Her specialization is Power System. Your cooperation will go a long way in building a meaningful and productive Education-Work alliance and thereby help us to create skilled human resources to address the challenges in this global age.

Looking forward for your positive response.

Warm regards

PATIENTS INFORMATION SHEET FOR PARTICIPATION IN THE RESEARCH PROJECT

Date:

Serial No.:

We invite you to participate in a research project on Bronchial Asthma. Your consent for participation as a study subject is required as a mandatory requirement for research involving human subjects. The aims and objectives of the subjects, and information on the tests and methodology to be followed are given below, so that you can give consent after being fully informed. You are free to ask any question and seek clarification

Study Title : Biochemical and Clinico-Immunologic Characterization of Allergenic Proteins of *Periplaneta americana* in Asthma".

Student : Manoj Kumar

**Supervisors and Investigators:**

Supervisor : Dr. Rajesh Kumar Gupta  
Assistant Professor, Department of Chemistry, School of Vocational Studies and Applied Sciences, Gautam Buddha University, Gautam Budh Nagar, Uttar Pradesh (India)-201308

Co-Supervisor: Dr. Raj Kumar  
Professor & Head, Department of Pulmonary Medicine and Head, National Centre of Respiratory Allergy, Asthma & Immunology Vallabhbbhai Patel Chest Institute, University of Delhi, Delhi- 110007

**Why this research work is necessary?:**

Recently few studies about asthma in relation with allergens have been done in the world. The studies have shown that exposure to dust from the cockroach has aggravated inflammation in asthma and its severity and causes decreased response to the diagnosis and management. So it is necessary to conduct a study whether the effect of cockroach on asthmatic patients could occur or not. This study has been undertaken to identify asthmatic patient showing hypersensitivity reaction to cockroach allergenic proteins (Male & Female) and monitor the circulating antibody level to understand the frequency of exposure and cause of it and avoid the exposure to cockroach.

**Methodology**

After detailed history of your symptoms skin prick test will be performed. This test is done by subcutaneously prick different types of aeroallergens including cockroach allergens. The test has proven safety record and does not usually have any adverse impact on your health. It will be done by trained medical personnel's.

Your participation in this study is voluntarily and you can opt out of the study at any time, however your treatment will continue and will not be effected. There will be no cost involved on your part for this study. Your data will be kept completely confidential. There will be no conflict of interest with anyone in this study.

Dear Sir/Madam,

I (Manjeet Singh) am pursuing Ph.D with "Gautam Buddha University, Greater Noida" under the supervision of Dr. Ashish Kumar Keshari. I want to characterize my 9 samples. So I am sending the request form (MRC facility form) to characterize my samples. Kindly give me time slot for TEM (Transmission Electron Microscopy), PL (Photoluminescence) and UV - Vis Spectroscopy for my 9 samples. As per conversation with the concerned person, please give me time slot as soon as possible because my sample can be degraded.

Thank You

Dear Sir,

First, please accept our hearty greetings. On behalf of the Dhammachai International Research Institute (DIRI), we would like to expand an invitation to you to join our Institute's Academic Advisory Board.

DIRI holds you in high respect as a most important performer in the academic area. You have been recommended as a person with respected knowledge and experience, and as one who would make a valuable contribution to this advisory committee. By serving on this committee, you would have the opportunity to provide us with advice and suggestions.

The Advisory Board does not normally have any formal meetings. We would like, however, to ask for your permission to use your name on our website ([www.diri.ac.nz](http://www.diri.ac.nz)) as an Advisory Board member. We trust that you will answer positively to this invitation in order to benefit the staff at our Institute with your academic expertise, understanding, and skills. We look forward to your positive reply.

Dear Dr. Pal:

Congratulations! I am very happy to tell you that you have been selected as the winner of the drawing that Itasca held at the Seventh International Conference on Case Histories in Geotechnical Engineering last week in Chicago. We are pleased to offer you a one-year lease of Itasca's FLAC3D software license! I am copying Jay Aglawe, the Itasca General Manager in our Nagpur, India office. He will arrange for you to take delivery of the materials you need. We hope you will can use the software in your work, research, and teaching. Please feel free to contact either Jay or me should you have any concerns or questions.

Congratulations again, it was a pleasure to meet you and speak with you about your experiences with Itasca's UDEC and 3DEC software. Now you can experience another product from the Itasca family.

Best wishes,

Elinor Jackson
